Account Manager | eCommerce Client Success | SaaS Operations

PROFESSIONAL SUMMARY

Client-focused Account Manager with 5 years at Amazon Vendor Services managing 200+ enterprise eCommerce accounts per month across 8 European marketplaces. Proven track record of delivering high-quality client experiences through proactive communication, meticulous CRM tracking, and seamless cross-functional coordination. Deep expertise in ad catalog configuration, vendor onboarding, SaaS platform integration, and multi-stakeholder project delivery. Comfortable in remote-first, fast-paced SaaS environments — available to work US business hours. Available in 30 days.

KEY NUMBERS

- Managed 200+ vendor accounts per month across 8 European marketplaces (UK, DE, FR, ES, IT, NL, SE, BE)
- Supported full onboarding lifecycle for enterprise vendors — EAN/GTIN, ad catalog setup, content ingestion, compliance
- Built AI-powered vendor support system serving 300–400 daily interactions — approved by Director-level (L8) leadership
- Delivered \$7,724 in verified annual cost savings through proactive workflow automation
- Trained and mentored 10+ associates; reduced average client resolution time by 15%

CORE SKILLS

Technical: Python · SQL · Power BI · AWS (Bedrock, S3) · Profitero · Helium 10 · N8N

WORK EXPERIENCE

Amazon Vendor Services | Bengaluru, India | Jul 2021 – Present

Senior Account Manager / Catalog Specialist ML

Jul 2024 – Present

Client Account Management

- Served as primary point of contact for 200+ enterprise vendor accounts per month — managing daily communication across email, Slack, and Salesforce CRM with clarity, accuracy, and responsiveness.
- Delivered empathetic and timely support to clients navigating catalog errors, listing suppression, compliance flags, and platform setup — maintaining consistently high client satisfaction metrics.
- Managed multiple concurrent accounts with competing priorities, tracking scope, timelines, and deliverables through structured CRM workflows — zero missed SLA deadlines across managed portfolio.
- Proactively identified account risks and churn signals; coordinated resolution steps across internal teams before issues escalated to client-visible failures.

Onboarding & Platform Setup

- Managed full vendor onboarding lifecycle: EAN/GTIN mapping, ad catalog configuration, content ingestion, image/video compliance review, platform usage assistance, and brand registry activation — end-to-end without handoffs.
- Guided enterprise clients through SaaS platform integrations for ad catalog and product feed management — translating complex technical requirements into clear, actionable instructions for non-technical stakeholders.
- Built AI-powered vendor support assistant (Python + AWS Bedrock RAG) serving 300–400 daily client interactions — SOP-based responses, SLA alerting, AI-drafted client communications. Approved by Director-level (L8) leadership.

Cross-functional Coordination & Delivery

Sudheer Bishnoi

- Coordinated design, production, marketing, and technical teams to ensure accurate, on-time delivery of vendor catalog projects across 8 EU marketplaces — managing scope, priorities, and stakeholder alignment throughout.
- Led catalog syndication project for a major global consumer brand across Google Merchant Center and TikTok Shop — achieved 100% Rich Results pass rate, zero validation errors, full platform compliance.
- Trained and mentored 10+ team members on platform tools, account workflows, and automation; facilitated live cross-functional workshops.

Catalog Associate

Jul 2021 – Jun 2024

- Managed listing accuracy and data integrity across EU marketplaces — resolving suppressed listings, miscategorized products, and variation family failures at scale while meeting SLA targets.
- Built Python automation for catalog processing and ranking workflows — delivered 1.0 HC savings and measurably improved SLA performance across multiple stakeholder teams.
- Conducted root-cause analysis on ML-assisted annotation and quality defects — improving data accuracy and reducing repeat client-reported issues.

Concentrix BPO Private Ltd | Pune, India | Jun 2020 – Jul 2021

German Language Expert & Senior Customer Success Specialist

Jun 2020 – Jul 2021

- Delivered customer success in German and English for EU marketplace clients — managing chat, email, and escalation queues with high CSAT.
- Reduced average chat resolution time by 15% through monthly team training sessions focused on communication quality and process adherence.
- Promoted to senior role within the first year based on consistent performance and client satisfaction metrics.

KEY PROJECTS

AI-Powered Vendor Support Assistant | Python · AWS Bedrock · RAG · REST APIs

Enterprise client support system handling 300–400 daily interactions — real-time SOP search, SLA breach alerting, AI-drafted vendor responses. Approved by Director-level (L8) leadership.

Catalog Syndication Pipeline | Python · JSON-LD · Google Merchant Center · TikTok Shop API

Transformed enterprise product data into validated JSON-LD for a major global brand. 100% Google Rich Results pass rate, zero validation errors, full TikTok Shop compliance.

Enterprise Catalog MCP Server | Node.js · TypeScript · Claude AI · AWS

87-tool AI integration layer connecting enterprise catalog APIs with Claude AI — natural-language queries, bulk attribute editing, automated compliance checks. Reduced investigation from minutes to seconds.

CERTIFICATIONS & PUBLICATION

- AWS Generative AI Learning Plan (Amazon Web Services)
- Prompt Design in Vertex AI (Google)
- Google Gemini for Google Workspace — Enterprise (Google)
- ChatGPT Prompt Engineering for Developers (DeepLearning.AI)
- Python by ICLeaF · SQL (LinkedIn)

Publication: Automating Quarterly Financial Analysis with Amazon QuickSight — AWS Builder Center (Apr 2026)
